

BRABANTIA TOUCH BINS FEATHER-LIGHT CONTROL

Stylish, tall and slimline

The Brabantia Touch Bin is stylish, practical and user friendly. The slightest touch on the lid is enough to open the Touch Bin smoothly and noiselessly. Available in a twin bin, for easy waste separation in the kitchen.

Soft touch closing

Brabantia 'Soft-touch' closure for easy and light operation

Lid is odour proof

Easy to clean

Corrosion resistant

Made from high quality materials durable and long-lasting

Non-skid/protective bottom rim

Protective base rim prevents damage to the floor and stands stable, even on wet surfaces

Removable plastic inner bucket

Easy to empty and clean with a ventilation opening in the inner bucket to prevent a vacuum being created when removing the full bin liner.

Corrosion resistant

Made from high quality materials durable and long-lasting
